Project Concept

In the midst of a million trees, where nature stretches as far as the eyes can see, an extraordinary haven emerges in the heart of Villar City—an expanse that offers solace and growth. Forresta, is a flourishing development seamlessly integrated within the lush surroundings. With grand aspirations of becoming the most coveted destination for today's affluent and influential individuals, Forresta breathes life into Villar City, the largest of Villar Land's four esteemed estates in the burgeoning urban south.

Spanning an impressive 118 hectares, Forresta stands as a versatile mixed-use estate, meticulously planned to represent Chairman Manny B. Villar's most exclusive and prized project. Serving as the inaugural district within Villar City after the success of Brittany's established prime properties, Forresta capitalizes on esteemed land holdings, carefully reserved for the finest endeavors and most prestigious ventures.

The first district of Forresta, covering 19 hectares, is dedicated to a mixed-use development, where a significant portion of 5.1 hectares is exclusively allocated for Brittany's ultra-luxurious residential estate. Positioned within the heart of Villar Land's central business district, which is Villar City, this integrated township draws inspiration from nature, fostering the creation of high-rise office towers, residential condominium complexes, and exclusive residential lots seamlessly integrated amidst the serene surroundings. This opulent property unifies various residential options, all set amidst a thriving ecosystem of a million trees, blossoming flowers, verdant field, urban wildlife, a central park, orchards, and other lush greenery. Together, these residences forge a single community, a testament to the harmonious coexistence of luxury and nature.

Designed and poised to transcend conventional upscale standards, Forresta in Villar City is bound to set an unprecedented benchmark in luxury.

Location and Access

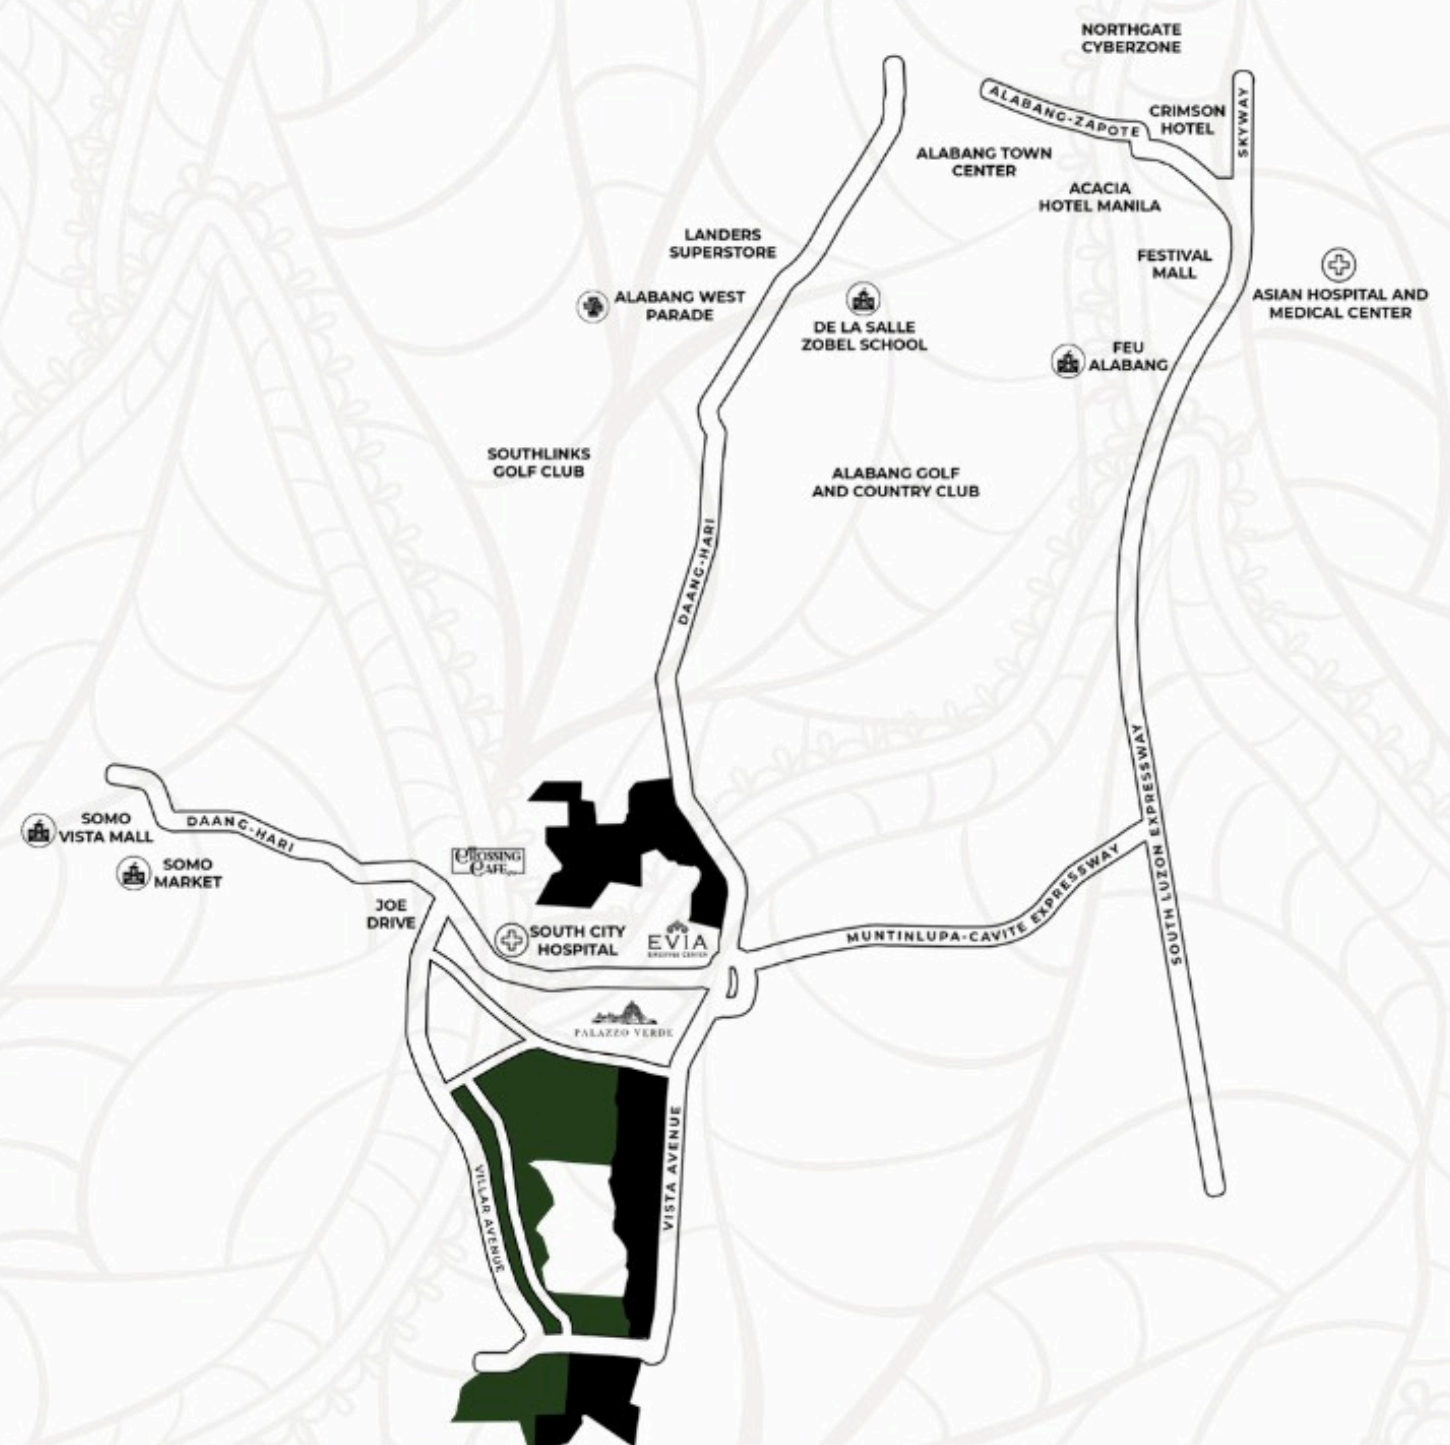

Touted to be the newest city in the forest, Forresta serves as the revolutionary jewel and a sought-after address within the vibrant tapestry of Villar City.

As a township and central hub of Villar Land, Villar City fulfills as its captivating master-planned development spanning a vast expanse of 1,850 hectares. Ideally situated in the biggest central business in the south, Forresta offers the most exclusive yet accessible sanctuary due to its seamless connectivity to key cities and towns within Metro Manila and South Luzon via the Muntinlupa-Cavite Expressway (MCX), South Luzon Expressway (SLEX), Skyway Stage 3, and Cavite-Laguna Expressway (CALAX).

Forresta brings forth an exceptional lifestyle by providing unparalleled accessibility to esteemed educational institutions, prestigious medical facilities, exclusive country clubs, world-class shopping destinations, renowned event venues, and innovative concept spaces.
